ESM's – Student Success Plan Goals (SSP)

Wellness Goal: We will improve the well-being of our students.

Strategy: We will embed the start up of **virtual reading buddies** to:

- Ensure ALL students, especially our invisible students to feel included, to feel self worth, to feel confident and to feel they truly matter;
- Provide our upper elementary students with the opportunity to have a natural, leadership interaction they will take on, in modeling and supporting our lower elementary readers;
- Enable all staff to become **better acquainted** and **build long lasting relationships** with our young learners throughout their academic life at East St. Margaret's Elementary.

Literacy Goal: To improve student achievement in writing with a focus on ideas and organization.

Numeracy Communication: To improve student achievement in being able to communicate their understanding and thinking process in number sense.

Committee Members

Chris Buckley, Co-Chair | Emily Hubley, Chair | Lorie-Ann Mills, Community | Trish Cuvelier, Teacher | Shelley Myra, Principal | Sissy Berringer, Administrative Assistant
